

# GQ-3220DL

Stone Automatic Production Line

## Cutting Function Display

## Machine Features

1. XYZAC five axis, A axis 0 to 90 degree automatic rotation, C axis 0 to 360 degree automatic rotation.
2. Vertical and horizontal cutting, multi-angle diagonal cutting.
3. Four sides chamfering (any angle between 0°-90°).
4. Cutting circle, Ellipse cutting, Sector cutting, L-tops cutting, Sink cut-out, Arc cutting.
5. Cutter bits, Contouring, Suction moving.
6. Table tilts 85 degree to load slabs easily.
7. Intelligent control system.
8. With camera.

## Applicable Industry & Material

Applicable industry: sintered stone application industry, fabricated building materials industry, home decoration materials industry, cutting marble, artificial stone, quartz stone and other materials.

Applicable material: sintered stone, ceramic plate, quartz stone, marble, etc.

## Technical Parameters

Model	GQ-3220DL
X/Y/Z Axis working size	3200*2000*500mm
Diameter of blade	350mm
Working table size	3200x2000mm
Blade Motor power	15KW
Total power	29KW
Rotation speed of blade	3000/6000rpm
A axis rotation angle	0°-90°
C axis rotation angle	0°-360°
Table Tilting angle	85°
Control system	GANGER
Camera	YES
Gross weight	4500KGS
